

DIPLOMA PSYCHOLOGY

(MQA/MQA/FA12873) (KPT/N/311/4/0121)

INTRODUCTION

The Diploma in Psychology is a program designed to provide students with a basic understanding of psychology, human behavior, and mental processes. The program covers a wide range of topics in psychology, including developmental psychology, abnormal psychology, social psychology, cognitive psychology, and research methods.

Students who follow the Diploma in Psychology program are exposed to concepts related to human behavior, psychological disorders, personality development, and the application of psychological principles in various contexts such as education, health care, and organizations.
